Description

Acid free paper and stainless steel pins. Each silhouette is painted with polymer jet black gouache paint. Framed in 4 parts. A minimum of 2 parts must be displayed see media for instructions. To avoid scratching the clear Perspex covers on the work, gloves must be worn at all times when handling the work. When packing the work make sure the Perspex is covered in soft material (non-abrasive) before packing it further for transport. Any loose material on the Perspex may act as an abrasive and will scratch the Perspex during transport.
