## Exquisite tempo sector

**Date**

2016

**Primary Maker**

Knezevic, Barbara

**Medium**

Multimedia Installation

### Description

The exhibition is an omnivorous selection of things acting together to call to mind a film set, a photographic shoot, retail and museum displays and other stagings of stuff in the world. These items are arranged with attention to, though not always respecting museological conventions that make visible the hierarchies of value in material culture.

### Dimensions

Approx. 3000 × 6000 × 6000 mm
