### Medium

Cast plaster, Indian ink, muslin Number of components: 99

### Description

Installation notes: 49 white, unstained casts to be installed on a wall with an overall width of 210cm and an overall height of 168cm. These objects should be hung

from outer edge to centre to preserve the overall shape of the installation. Internal gaps are variable but the order of the casts should be as in image. Muslin cloth (1) to be laid out on the floor and black casts (49) to be laid out on top of this fabric in a mirror image of the wall hangings. A small strip of fabric (approx. 10cm at sides and 5cm at front and back) should be visible as a frame around the floor-based objects.
