Description

This image is part of a series made as artist in residence at Larkin Community College from 2017-2019. LCC is a DEIS (Delivering Equality of Opportunity in Schools), part of a government Action Plan for Educational Inclusion. The residency (supported by YPCE grants from the Arts Council) was part of a wider long-term study of particular

schools in Dublin and a questioning of the frameworks in place to nurture and offer equality of opportunity to children and young people.
