

Basic Detail Report

Shimmer Together

Date

2021

Primary Maker

Dunne, Stephen

Medium

Oil on Linen

Description

The yellow birds are vessels for an open ended metaphor, canary yellow hinting at something fragile, a warning or precursor to danger. Preserved and intact but going nowhere, stuck on their branches but together. The light glows around them in both magical but slightly toxic

ways. Heightened colour is an attempt at something positive and optimistic but also slightly off, something wrong in nature.

Dimensions

Object: 110 × 120 cm
